1           enough of the law. I mean, I would go to an  
2           attorney and say, "Listen, what do I do? I'm  
3           going to file here," you know, and that would be  
4           the venue that would be appropriate, I guess.

5       Q.    Okay. We did not mark your subpoena, so let's  
6           mark that as the last exhibit.

7                       (Exhibit 22 marked.)

8           MR. PAPPAS: I have no other questions.  
9           Bob?

10                  MR. MURPHY: Nothing further. Thank you.

11                  MR. PAPPAS: Thank you for your patience.  
12           Off the record.

13                       (Discussion off the record.)

14                  MR. PAPPAS: So we'll do the usual  
15           stipulations in New Hampshire, but the time to  
16           return the errata sheet will be 14 days. And I  
17           will send the transcript directly to Dr. Mart when  
18           I receive it. Thank you.
